

What Will We Find Outside?

by Dr. Rhonda Richardson

Tune: Chant or The Phone by Vered

The weather, the weather changes outside.
The weather, the weather changes outside.
Sometimes it is cold, sometimes it is warm.
I wonder what the weather is outside today.

The trees, the trees grow tall outside.
The trees, the trees grow tall outside.
Some are always green, and some have leaves
that fall.
I wonder what we'll find outside today.

The Galloping Horses Come In

By Rhonda Richardson Tune: Sina Sona

Teacher: Did the galloping horses have fun
outside today?

Children: [respond]

SONG:

Yippi kay yea, Yippi kay yea.

The galloping horses had fun outside today.

We gallop and gallop

And then we trot, trot, trot.

Teacher:

Woah little horses, I see we're almost there.

So, stop for a moment and breathe 3 times.

[Lead children and everyone breathes in 3
times for calming focus.]

Now let's walk in together leaving the horses
behind.

Bugs

By Early Childhood Group and Dr. Richardson
(tune: Mary had a Little Lamb)

There are many kinds of bugs,
Kinds of bugs, kinds of bugs.
There are many kinds of bugs
Outside in my yard.

Ladybugs & dragonflies, dragonflies, dragonflies
Ladybugs & dragonflies and roly poly's, too.

Some people are afraid of bugs, afraid of bugs,
afraid of bugs.

Some people are afraid of bugs,
But bugs can be really cool.

I'm Walking through Nature What Will I See?

by College Student

Tune: I'm Bringing Home a Baby Bumble Bee

I'm walking through nature what will I see?
My teacher says it's healthy for me!
Trees, bugs, and bull frogs jumping so free,
Look! A bumble bee!

Repeat chorus

Look! A millipede!

Repeat chorus

Look! A pine tree!

Wow! I think nature is just for me!

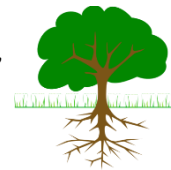

Mighty Trees

by College Student

Tune: Row, Row, Row Your Boat

Sway, sway, sway in the wind,
You're so big and tall.
Green leaves and brown trunks,
Thank you for shading us all.

Sway, sway, sway in the wind,
You're so big and tall.
Your roots grow down so, so far,
Wow you amaze us all!

Sticks

By Susan, Amanda, Kathy, Bridgette

Tune: Frere Jacques

What are sticks for?
What are sticks for?
Not for poking,
Not for hitting.

Sticks are for collecting.
Sticks are for building.
Let's be safe,
Let's have fun.
